

Lesson 5

Our environment

**Can we care for our
environment?**

This beach is covered in
litter.

Litter is **dangerous** for animals and plants.

**How can this litter harm the
animals and plants?**

It will poison them and
kill their food.

**What can we do to protect the animals
and plants shown in the picture?**

Stop littering.

We should care for our environment

You can make this place a nature reserve.

A good habitat for animals and plants.

We can recycle materials to protect the environment.

Which materials can be
recycled?

We can recycle (paper,
glass, plastic, fabrics
and metals).
